INGREDIENT CATALOG
ADM – Specialty Food Ingredients offers a wide and safe selection of conventional and organic food ingredients. We offer a full range of value-add processes for our nuts, seeds and ancient grains - roasting, dicing, pasteurizing, flaking, flours, crisping, puffing and nut butters.

As part of ADM’s WILD Flavors & Specialty Ingredients division, we are much more than ingredients - we can offer turn-key ingredient solutions such as pre-made clusters, that can save R&D time as well as simplify the sourcing of natural ingredients.
